opportunities

I started working at Raglan Mine in October 2011

as a janitor at the lodging complex and later

as a dry attendant. Then, in May 2013, I was selected to pursue the apprentice junior geology technician training program.

ᕃᒃᓚᓐ ᐅᔭᕋᓐᓂᐊᕕᒻᒥ ᐱᓇᓱᒐᕐᑕᓚᐅᔪᕗᖓ ᐆᒃᑐᐱᕆ 2011-ᖑᑎᓪᓗᒍ ᓴᓗᒻᒪᓭᔨᐅᓯᑦᓱᖓ ᐱᓇᓱᑦᑏᑦ ᐊᖏᕐᕋᖏᓐᓂᒃ ᑭᖑᓂᐊᒍᓪᓗ ᐸᓂᕐᓯᓯᒪᔪᓂᒃ ᐱᓇᓱᒐᖃᓯᒻᒥᓱᖓ. ᐊᓱᐃᓛ ᒣ 2013-ᖑᓕᕐᑎᓗᒍ ᑎᒃᑯᐊᑕᐅᓕᓚᐅᔪᕗᖓ ᓄᓇᐅᑉ ᐱᓪᓗᑯᒋᐊᓕᑎᒍᑦ ᐱᓇᓱᑦᑕᐅᒍᑎᖏᓐᓂᒃ ᐱᒋᐅᕐᓴᔭᐅᒍᑎᖃᕐᓂᐊᓕᕐᑎᓗᖓ.

According to Rita, this is what working as a junior geology technician looks like:

• Preparation of reports – Statistics
• Data processing and plan drawing
• Working at the core shack – Core logging
• Log drill core identifying the different rock types
• Validating drill hole data
• Tracing geology visual sulfi de estimates and lithology on quick log sections every morning and evening when the core arrives
• Performing drill and core shack inspections
• Collecting muck samples from underground and stockpiles located at the surface
• Back mapping of geology contacts
• Face mapping of mineralized zones
• Draw drill plans using data mine and camp (software)
• Determining intervals for core assay sampling

Rita is attracted to a career as a junior geology technician because:
• There are endless possibilities to feed yourself with knowledge
• You learn new technical skills everyday
• You get to learn about health and safety from different people

According to Rita, a junior geology technician should have the fol-lowing skills:
• Work safely
• Good attitude

• Enjoy team work
• Good work ethics
• Punctual and reliable
• Desire to work in an industrial environment

• Willingness to learn
• Easily adaptable

According to Rita, here are some of the job requirements you need in order to become a junior geology technician:
• Driver’s licence

• Basic knowledge of geology is defi nitely an asset
• Computer skills
• Communication skills, both written and spoken, ideally in at least two of the fol-lowing languages Inuktitut, English and French
• Explosives permit
• No criminal record

What we do at Tamatumani:

• Recruit inuit employees
• Promote school perseverance
• Develop capacity building (R.I.D.E. program)
o Essential skills and French training
• Develop and implement training programs (Stope school & others)
• Insure cultural diversity on site
o Sewing center, inuit kitchen Arts & Crafts, and more!
o Intercultural training for Inuit and non-Inuit workforce
• Support inuit employees
o Integration of inuit employees in their work environment
• Promote women in mining industry
